Alex Lowe Peak
Northern Gallatin
1/2/2019
Code
SS-N-R2-D2
Elevation
9300
Aspect Range
N-NW-SW
Latitude
45.43390
Longitude
-110.99500
Notes

From email on 1/3/19: "On [January] 2nd, there were 4 older natural avalanches on N slopes in the Alowe basin as well as 1 recent avalanche below the NW couloir. I've attached a pic of an older slide on the SW aspect of elephant. I also got some collapsing as I skinned up the south side of the bmor/elephant saddle on the 3rd."

Multiple Avalanches
