Natural Avalanches near Divide Cirque

Divide Peak
Northern Gallatin
2/17/2024
Code
N
Aspect Range
N-W
Latitude
45.40290
Longitude
-110.97600
Notes

From observations on 02/22/2024: "We toured to the east shoulder of Divide Peak today, 02/22/2024. We saw several natural avalanches on the north-facing terrain in Divide Cirque, below Hyalite Peak, and Overlook Mountain. These avalanches likely happened following a storm near the end of last week."
