 Sat Dec 30 11:20 2017
 Co-ord: 45.81990N, -110.93320W
 Slope Angle: 27°
 Wind Loading: yes

Stability: **Poor**
 Air Temperature: -8°C
 Sky Cover: **BKN**
 Precipitation: **NO**
 Wind: **W Light Breeze**

HS110
 Stability Test Notes

Layer No
 45-55: Pr

Specifics: Pit is adjacent to avalanche: flank; Recent activity on similar slopes; Recent activity on different slopes

Notes: We were unable to get to the crown, so dug on an adjacent slope about 500' to the south.

Advisory Region
 Bridger Range
 Bridger Range, 2017-12-30
