

Just South of hardscrabble peak

Date

Sat, 01/09/2021 - 01:00

Activity

Snowboarding

Snowmobiling

On our way out to fairy lake we stopped in the open meadow just before the campground and noticed a sizeable natural avalanche on a northfacing slope that appeared to have broken on the layer of sugary facets on the ground. From our perspective it appeared to have happened a few days ago likely after the loading event midweek.

Region

Bridger Range

Location (from list)

Hardscrabble Peak

Observer Name

Ethan S Marcoux
