Maid of the Mist, Hyalite

Date Sat, 02/06/2021 - 10:30 Activity Ice Climbing

Natural slide below Maid of the Mist (unless someone was up climbing Maid No More...). E/NE aspect, roughly 8000' elevation.

Looked to have run last night or early this morning. Poor resolution iphone photo, but gets the job done. Photo taken from the base of the Dribbles.

Region Northern Gallatin Location (from list) Hyalite - main fork Observer Name matt zia
