Heavy Wet Snow in the Bridgers

Date Sun, 01/28/2024 - 12:00 Activity Skiing

Heavy and wet snow from the top of the ridge down to the Bridger Bowl lot. Observed large pinwheels, old avy debris on 30 degree slopes. 2 finger facets 15cm down, depth hoar still intact and showed no signs of rounding. Shooting cracks underfoot while skinning.

Region Bridger Range Location (from list) Wolverine Bowl
