

Skier triggered avalanche Frazier Basin

Date

Sun, 04/07/2024 - 10:05

Activity

Skiing

Snowmobiling

Skier triggered slide in one of the Love chutes dropping into Frazier basin. Skier attempted to ski cut the top of the chute, snow was not reactive. He began to ski the chute and triggered a wind slab about 18" deep which failed the crust from the recent warm stretch. Was carried about 200 feet and managed to self arrest on the side of the chute while the slide continued to the bottom. No serious injuries.

Region

Bridger Range

Location (from list)

Frazier Basin
