

Long shooting cracks in Cabin Creek

Date

Sun, 01/19/2025 - 17:55

Activity

Snowmobiling

From FB message 1/19: "In between redstreak peak and white peak... The whole slope cracked... I seen the cracks on my way up but everything was happening so fast I couldn't tell if I was the reason it cracked until I watched the video... the one I stopped on I put my leg in the crack and went to my knee inside the crack"

Screenshots from videos sent in messenger

Region

Southern Madison

Location (from list)

Cabin Creek

Observer Name

C. Fregian
